追赶和特色：第32届中国气象学会年会及S21分会场侧记

本刊编辑部

金秋10月，中国气象学会第32届年会在天津举办。会议以“推进科技创新 支持气象现代化”为主题，进行了大会主会场和多达23个分会场的交流。此外，会议还与企业合作，举办了3场技术专题讲座。会议第21分会是大气科学前沿发展暨JMR/气象期刊编辑作者研讨会。在第一天完成大气科学前沿发展论坛的交流后，10月15日全天，包括本刊在内的气象科技期刊编辑和作者，在年会上有机会直接对话和交流。特别难得的是，来自美国地球物理联盟和美国气象学会（AMS）期刊的相关专家与会，介绍了美国气象类期刊的编辑风格和最新动态，让中国气象学者第一次比较全面地了解了美国同行的工作，深受启发。包括本刊在内的10余种中国气象期刊，以会议报告和研讨介绍两种方式介绍了各自期刊的特点，并通过圆桌讨论的方式，与AMS专家一起进行了气象类科技期刊发展方向的研讨。

AMS明年初将举办第96届年会，与美国同行相比，历史还算悠久的中国气象学会举办年会的经历也只是AMS的三分之一。但是，通过会议交流，至少中国气象期刊人在追赶国外同行的同时，其自身的特色的保持，通过年会尽情展现出来。特别是很多期刊，与国内前沿学者更好地形成了“捆绑”关系，身份是“志愿者”的期刊主编和副主编们更多地介入期刊的策划和选题，使得气象类科技期刊真正让科学家们有了“家”的感觉。而AMS同行介绍的提高论文质量和出版时间的“流水线”式的工作流程，以及论文编辑的各个工序配备专业人员把守的规则，也能启发中方与会者更多的关于打造精品期刊的思考。

AMS出版部主任Ken Heideman在会上展示AMS出版的学术期刊
